For the San Francisco
Electric Reliability Project

Docket No. 04-AFC-1

**FIRST SET OF DATA REQUESTS
OF CALIFORNIANS FOR RENEWABLE ENERGY, INC. (CARE)
ON GREENACTION FOR HEALTH & ENVIRONMENTAL JUSTICE**

Pursuant to Title 20, California Code of Regulations, section 1716, Californians for Renewable Energy, Inc. (CARE) requests the information specified in the enclosed data requests. The information requested is necessary to: 1) more fully understand the project, 2) assess whether the facility will be constructed and operated in compliance with applicable regulations, 3) assess whether the project will result in significant environmental impacts, 4) assess whether the facilities will be constructed and operated in a safe, efficient and reliable manner, and 5) assess potential mitigation measures and alternatives.

II.

Bradley Angel Executive Director of Greenaction for Health & Environmental Justice sent me an e-mail on May 16th, 2005 in response to an e-mail sent by CARE's President, Michael Boyd, regarding GreenAction's planned protest against the Pacific Gas and Electric (PG&E) Bay View Hunters Point power plant's continued operation without mentioning the City and County of San Francisco's (CCSF's) relocation of the site of their proposed San Francisco Electric Reliability Project from Potrero Hill to Bay

View Hunters Point 94124. In this e-mail to me Mr. Angel stated that GreenAction's "record speaks for itself". In that regard I respectfully submit the following data request on Mr. Angel and GreenAction.

Subject: RE: EJ Rally June 4th 11 am City Hall and the peakers

It is truly unfortunate, divisive and a real question why Boyd continues to put out the lies that Greenaction is silent about the peakers. Our position and actions have been clear: we oppose the peakers and we have not been silent on them as Boyd alleges. While Boyd is busy criticizing Greenaction and defending PG&E, we have been opposing the peakers and taking concrete steps in that effort.

Boyd's claim that we are silent about the city's crimes against the people of BVHP would be laughable if not so outrageously false. Maybe Boyd has become deaf, dumb and blind, but Greenaction and the community – including CFC – responded with a blockade of the power plant and strong and clear statements to the media when the Mayor announced his bogus (and nonexistent) deal to allegedly close the PG&E power plant. We will never compromise on the health and well-being of the community, and our record speaks for itself.

HOPE TO SEE EVERYONE ON JUNE 4TH AT 11 A.M. AT CITY HALL.

Respectfully submitted,

Lynne Brown – Vice President, CARE

B. Instructions

1. These data requests call for all information, including information contained in documents, which relates to the subject matter of the data requests and which is known or available to you. If there is no responsive information or document, please so state.
2. Where a data request has a number of separate subdivisions or related parts or portions, a complete response is required to each subdivision, part, or portion. Any objection to a specific data request should clearly indicate the subdivision, part, or portion of the data request to which it is directed.
3. If a data request specifically requests an answer in response rather than the production of documents, an answer is required. The production of documents will not suffice.
4. If information requested is not available in the exact form requested, provide such information or documents as are available that best respond to the data request.
5. Publicly available documents: If information requested is publicly available on the internet, the exact Web address of the responsive information may be provided in lieu of producing the document; provided, however, that access to the document shall not require any type of registration through such Web site.
6. These data requests are continuing in nature and require supplemental responses when further or different information with respect to the same is obtained.
7. Each response should be furnished on a separate page headed by the individual data request number being answered. Individual responses of more than one page should be stapled or bound and each page consecutively numbered.
8. In each response, including the production of all documents, designate the data request(s) being answered, using the same number used by CARE in these data requests.
9. Each data request to, "Provide all documents . . . " or similar phrases includes a request for the "identification" (*see* Definitions) of all such documents. To the extent that a document is self-identifying, it need not be separately identified.
10. For each document produced or identified in a response which is computer generated, state separately (i) what types of data, files, or tapes are included in the input and the source thereof, (ii) the form of the data which constitutes machine input (*e.g.*, punch cards, tapes), (iii) a description of the recordation system employed (including program descriptions, flow charts, *etc.*), and (iv) the identity of the person who was in charge of

the collection of input materials, the processing of input materials, the data bases utilized, and the programming to obtain the output.

11. If a data request can be answered in whole or in part by reference to the response to another data request served in this proceeding, it is sufficient to so indicate by specifying the other data request by participant and number, by specifying the parts of the other response which are responsive, and by specifying whether the response to the other data request is a full or partial response to the instant data request. If it constitutes a partial response, the balance of the data request must be answered.
12. If you cannot answer a data request in full, after exercising due diligence to secure the information necessary to do so, state the answer to the extent possible, state why you cannot answer the data request in full, and state what information or knowledge you have concerning the unanswered portions.
13. If, in answering any of these data requests, you believe that any data request or definition or instruction applicable thereto is ambiguous, set forth the language you believe is ambiguous and the interpretation you are using in responding to the data request.
14. If a document requested is unavailable, identify the document, describe in detail the reasons the document is unavailable, and state where the document can be obtained.
15. If you assert that any document responsive to a data request has been destroyed, state when and why it was destroyed, identify the person who directed the destruction, and identify all documents relevant to the destruction or the explanation. If the document was destroyed pursuant to your document retention/destruction program, identify and produce a copy of the guideline, policy or company manual describing such retention/destruction program.
16. Where a data request seeks information by year or years, indicate whether the information is provided on a calendar or fiscal year basis. If provided on a fiscal year basis, state the dates on which each fiscal year begins and ends.
17. If you refuse to respond to any discovery request by reason of a claim of privilege, or for any other reason, state in writing the type of privilege claimed and the facts and circumstances you rely upon to support the claim of privilege or the reason for refusing to respond. To the extent you assert a claim of privilege with respect to any responsive documents, please provide an index identifying each of those documents, that includes the date of each individual document, its title, its recipient(s) and its sender(s), a summary of the contents of the document and the basis of claim of privilege.
18. Each response must be verified under oath in writing and each document produced shall be verified under oath in writing as being an authentic original document or a true duplicate of an authentic original document.

19. Identify the person responsible (whether primarily or indirectly) for preparing and providing each response. If a data request is directed to the testimony or an exhibit of a witness and is answered by another person, please state whether the witness agrees with the response.
20. If no document is responsive to a data request, then so state. In each such instance the data request should be treated as an interrogatory; thus, provide a full and detailed explanation of the rationale, support, or basis underlying the information included in filings with the Commission, or underlying the position you have taken on the issue, which relates to the subject of the request.
21. The singular form of a word shall be interpreted as plural, and the plural form of a word shall be interpreted as singular whenever appropriate in order to bring within the scope of these data requests any information or documents which might otherwise be considered to be beyond its scope.
22. Any reference to the Party to whom the data request was addressed also includes any merged or consolidated predecessors or predecessor in interest; subsidiaries past or present; and all persons acting under contractual arrangements with or acting on behalf of the Party to whom the data request was addressed.
